

Fun Kids Club – Sugar Beach Resort, La Pirogue & Le Coco Beach November 1, 2007 – October 31, 2008

“Ultra Cool and imaginative fun for kids”

The solution for families on holiday enables parents and kids to enjoy a world class holiday experience. Children registered at our Fun Kids Clubs will enjoy special activities, services, amenities and benefits.

Check out our fantastic fun facilities where you'll meet the most creative and caring children's professionals on the island. Each Fun Kids Club facility has been thoughtfully designed to meet younger guests' needs for entertainment, education, activity and even meals. Themed architecture and attention to detail in size and scope, the Fun Kids Club facilities are a safe environment where imaginative surprises delight children and their parents. Best of all, each Fun Kids Club team member has extensive training and experience in creating exceptional holiday experiences for children in a most professional manner.

Get involved from check in to check out with an arrival kit, dedicated cartoon and movie channel for kids and delicious kid friendly foods at every meal*. Meet our Fun Kids Club Counsellors, as they lead kids on a Mauritian adventure of discovery and unique experiences presented through unique and exciting theme days and activities. Children will discover a great variety of resort sports (mini golf, tennis, windsurfing or swimming) with kid scale equipment and instruction by our sports team. Thoughtfully planned and professionally supervised fun is offered daily for children ages 4 to 11 at the themed kids centers equipped with computer stations, tots corner and the latest video games (5 complimentary tokens!).

Tots of 2 and 3 years old, **provided they are toilet trained**, are invited to enjoy the facilities from opening time till 19.00. After dinnertime, all tots will be invited to use the facilities with a parent or a babysitter (babysitters available through the hotel at an additional charge).

Even more fun is on the horizon with Fun Kids environmental excursions and green arts and crafts. The entire family will be entertained with special events such as holiday festivities, family Olympics, character breakfasts, treasure hunts and more. Make new friends and keep in touch with our e-pal club and pen pal club (we make it easy with multi-lingual staff and collateral). Each one of our resorts – Sugar Beach Resort, La Pirogue & Le Coco Beach - plans signature fun and many more special treats for the whole family.

We offer a solution for a family on holiday as a complete array of fine facilities, outstanding activities and services provided by dynamic staff. Experience the “smilemaker service” that is extended to every family on holiday. Our entire staff has been “family sensitivity” trained to understand the needs of your family on holiday and is prepared to anticipate and meet every expectation you may have.
